

Verification and Validation Reports

Notes for the 2010 Data Conference

<https://portal.nde.state.ne.us/Site/DesktopDefault.aspx>

Enrollment Lookup by ID

- By entering a student ID, one is able to view student enrollment records for the current year. Type in the appropriate ID to view records.

Expected Graduation Year

- By entering a student ID, one is able to view the expected graduation year of a student. Type in the appropriate ID to view records.

Student Lookup by ID

- By entering a student ID, one is able to view a comprehensive list of demographic information about the student including; data from student, student summary attendance, programs fact, special education, post school survey and assessment information.

Assessment Student

- By using drop down menus as filters, one can view student assessment information by location, of all students or the specific categories of ELL or Special Education. Additional filters by grade, subject, standard, or performance level can be selected.

Programs Fact

- This report allows the users to choose a specific Programs Fact template (Career Education, Homeless, Rule 18, or Early Childhood) and see the data which has been submitted for the year. You can select a different year by using the drop down menu on the lower left side of the screen.

Special Education Snapshot

- Special Education Snapshot Lookup by Demographic allows users to select or combined different categories of either the October Special Education Snapshot or the monthly or year-end submission. Users can check the box of the fields necessary to create a combination of fields to create a custom, user defined report.

Student (by demographic)

- Student Lookup by Demographics allows users to select or combine different categories of either the student template, October Snapshot or the year end submission. Users can check the box of the fields necessary to create a combination of fields to create a custom, user defined report.

Student Summary Attendance

- By clicking this link, the user is able to view student summary attendance information for any grade within the school buildings in the district.

AYP Count Verification

- AYP Count Verification allows users to view AYP or STARS data for groups of students for schools within the district. The report shows full year proficient percentage, full year and year- end enrollment numbers. Within this report audit information is also available which breaks down AYP data to individual students and their average performance level.
